

The **TWIST-IT**™ Single Serve Spout Carton:

A Great Drinking Experience!

Evergreen Packaging is introducing an innovative approach to single serve beverage packaging. Available in 2 ounce increments from 6 to 16 ounces, the Twist-It spout carton provides an opportunity for brand differentiation in the institutional, school milk and convenience markets.

Tested in schools (lower, middle and high) and institutions, the Twist-It spout was easy to open and provided an excellent drinking experience for all audiences, from kindergarteners to nursing home patients.

This package offers all the benefits of traditional cartons: eco-friendly features, retention of beverage freshness and great graphic capabilities for delivering an impactful brand message in any institutional or retail environment.

SUMMARY OF BENEFITS
