

TAKE A CLOSER LOOK AT: **SENTINEL™ PAPER AND PAPERBOARD**

RENEWABLE RESOURCE

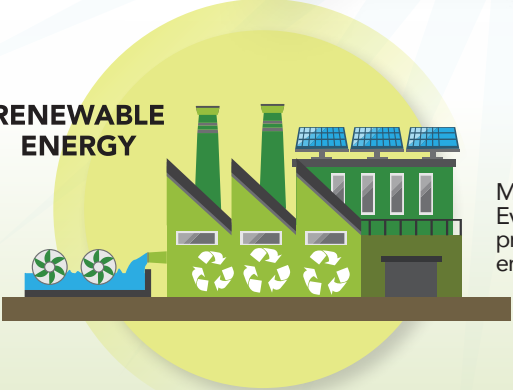

All Sentinel Paper and Paperboard products are made from renewable resources: trees from forests where responsible forestry practices are used.

RESPONSIBLE SOURCING

Evergreen Packaging® sources renewable materials responsibly by maintaining three forestry certifications and conducting annual third-party audits.

RENEWABLE ENERGY

More than half the energy that fuels Evergreen Packaging's manufacturing process is from biomass. Biomass energy is renewable.
